- 2025 – Apply AI strategy

Governing with AI

Governing AI

Governing with AI

- Understanding how and where public administrations can use AI to improve public services
- Working towards a public sector that promotes the safe and ethical adoption of AI

GenAI4EU

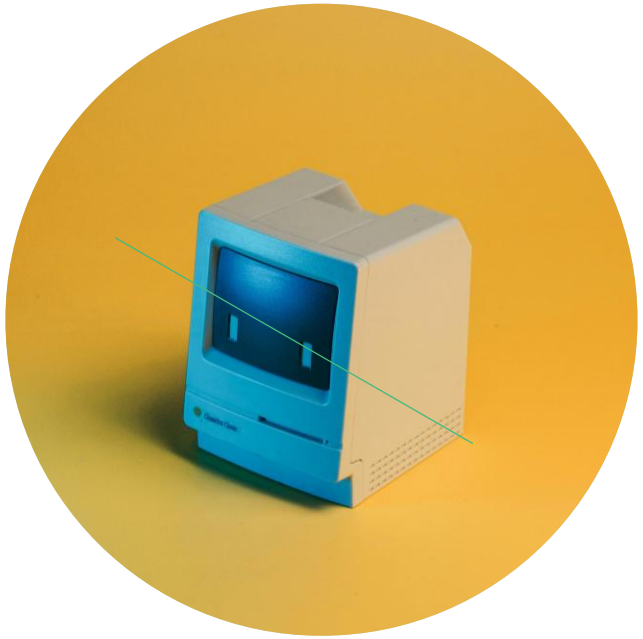

EDIH

Apply AI Strategy

Public Sector Tech Watch

AI Adoption

“Rather than treating AI as an isolated tool, it needs to be positioned as a strategic asset integrated into institutions and services.”

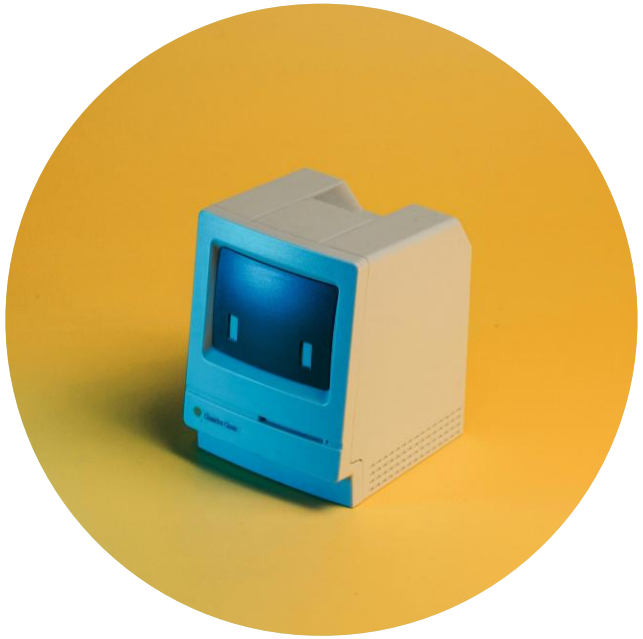

“Public administrations can [help] AI startups grow through increased demand for European-made open source AI solutions. This, in turn, can strengthen EU AI sovereignty”

Governing with AI

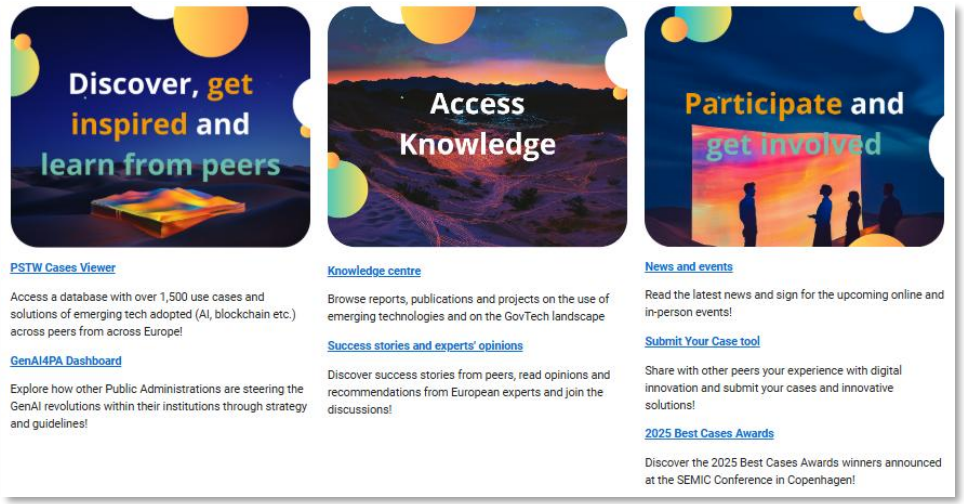

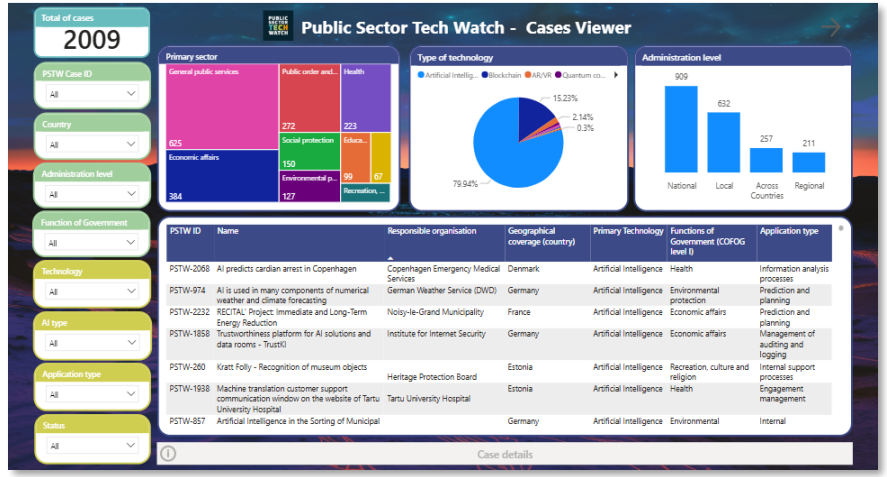

Apply AI Strategy

Governing with AI

Public Sector Tech Watch

- Promoting a European approach, strengthening the EU's sovereignty and competitiveness

- Align with fundamental principles and establish governance structures, appropriate competencies and monitoring mechanisms
